

Resources —

Write a Market Entry Strategy Report with Perplexity Computer

Thanks for watching the session! Here are a few resources that are particularly relevant to what we covered:

Session Files & Info

- [Session GitHub Repo](#)
- [Slides](#)
- Prerequisites
 - An active [Perplexity subscription with access to Computer](#) and sufficient available credits; Computer requires an active subscription, and credit consumption depends on task complexity.
 - Be signed in before the webinar and confirm that Computer appears in your Perplexity workspace; no separate software installation is required.
 - Prepare a short company description covering:
 - What the company sells
 - Who its target customers are
 - Its main differentiators
 - Strategic priorities
 - Important capabilities and constraints
 - *Alternatively, use the sample company context provided during the session.*

Happening soon!

Everyone stops at 10...
We're turning AI up to 11.

Turn weeks of work into days. Which AI projects to kill, why many AI-proof skills aren't technical, and what engineering looks like once agents write your code.

Eight sessions from Google, AWS, Microsoft, Cloudera, Honeywell, DataRobot, Fifth Third Bank, and more.
